

MS-3100, Denver, Colorado, 80225-0165, telephone number (303) 231-3899, fax number (303) 231-3194.

**SUPPLEMENTARY INFORMATION:** The location and dates of future meetings will be published in the **Federal Register**.

The meetings will be open to the public without advanced registration. Public attendance may be limited to the space available. Members of the public may make statements during the meetings, to the extent time permits, and file written statements with the Committee for its consideration.

Written statements should be submitted to the address listed above. Minutes of Committee meetings will be available for public inspection and copying 10 days following each meeting at the same address. In addition, the materials received to date during the input sessions are available for inspection and copying at the same address.

Dated: March 14, 1995.

**Donald T. Sant,**

*Acting Associate Director for Royalty Management.*

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 52

[OH73-1-6809, OH74-1-6810, OH75-1-6811; FRL-5174-9]

### Approval and Promulgation of Implementation Plans; Ohio

**AGENCY:** United States Environmental Protection Agency (USEPA).

**ACTION:** Proposed rule; reopening of comment period.

**SUMMARY:** The USEPA is reopening the comment period for a proposed rule published on January 17, 1995 (60 FR 3361). On January 17, 1995, USEPA proposed to approve exemptions from the nitrogen oxides (NO<sub>x</sub>) requirements as provided for in Section 182(f) of the Clean Air Act (Act) for the following ozone nonattainment areas in Ohio: Canton (Stark County); Cincinnati (Hamilton, Butler, Warren, and Clermont Counties); Cleveland (Ashtabula, Cuyahoga, Geauga, Lake, Lorain, Medina, Portage and Summit Counties); Columbus (Delaware, Franklin, and Licking Counties); Youngstown (Mahoning and Trumbull Counties); Steubenville (Jefferson and Columbiana Counties); Preble County; and Clinton County.

The USEPA is reopening the comment period for this action to honor a request from the Ohio Sierra Club. The original request was for an extension of the public comment period by 90 days. The USEPA believes that additional time may be necessary to develop comments, but feels that an extension of 90 days, at this time, is not appropriate since a total of two adverse comments were received (and one supporting); and that no additional adverse comments are expected to be submitted by other entities. Therefore, USEPA is extending the original comment period by 45 days (until April 2, 1995).

**DATES:** Written comments on this action must be received by April 2, 1995.

**ADDRESSES:** Written comments must be submitted to: William L. MacDowell, Chief, Regulation Development Section, Air Enforcement Branch (AE-17J), USEPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

**FOR FURTHER INFORMATION CONTACT:** Richard Schleyer, Environmental Engineer, Regulation Development Section, Air Enforcement Branch (AE-17J), USEPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353-5089.

**Authority:** 42 U.S.C. 7401-7601q.

Dated: March 9, 1995.

**David A. Ullrich,**

*Acting Regional Administrator.*

BILLING CODE 6560-50-P

## FEDERAL EMERGENCY MANAGEMENT AGENCY

### 44 CFR Part 65

[Docket No. FEMA-7131]

### Changes in Flood Elevation Determinations

**AGENCY:** Federal Emergency Management Agency (FEMA).

**ACTION:** Interim rule.

**SUMMARY:** This interim rule lists communities where modification of the base (100-year) flood elevations is appropriate because of new scientific or technical data. New flood insurance premium rates will be calculated from the modified base (100-year) flood elevations for new buildings and their contents.

**DATES:** These modified base flood elevations are currently in effect on the dates listed in the table and revise the Flood Insurance Rate Map(s) in effect prior to this determination for each listed community.

From the date of the second publication of these changes in a newspaper of local circulation, any person has ninety (90) days in which to request through the community that the Associate Director, Mitigation Directorate, reconsider the changes. The modified elevations may be changed during the 90-day period.

**ADDRESSES:** The modified base (100-year) flood elevations for each community are available for inspection at the Office of the Chief Executive Officer of each community. The respective addresses are listed in the following table.

**FOR FURTHER INFORMATION CONTACT:** Michael K. Buckley, P.E., Chief, Hazard Identification Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-2756.

**SUPPLEMENTARY INFORMATION:** The modified base (100-year) flood elevations are not listed for each community in this interim rule. However, the address of the Chief Executive Officer of the community where the modified base (100-year) flood elevation determinations are available for inspection is provided.

Any request for reconsideration must be based upon knowledge of changed conditions, or upon new scientific or technical data.

The modifications are made pursuant to Section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 et seq., and with 44 CFR Part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified base (100-year) flood elevations are the basis for the floodplain management measures that the community is required to either adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities.

The changes in base flood elevations are in accordance with 44 CFR 65.4.

**National Environmental Policy Act.** This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

**Regulatory Flexibility Act.** The Associate Director, Mitigation Directorate, certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because modified base (100-year) flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

**Regulatory Classification.** This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

**Executive Order 12612, Federalism.** This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

**Executive Order 12778, Civil Justice Reform.** This rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

#### List of Subjects in 44 CFR Part 65

Flood insurance, Floodplains, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 65 is amended to read as follows:

#### PART 65—[AMENDED]

1. The authority citation for Part 65 continues to read as follows:

**Authority:** 42 U.S.C. 4001 et seq.; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR 1979 Comp., p. 376.

#### § 65.4 [Amended]

2. The tables published under the authority of § 65.4 are amended as follows:

State and county	Location	Dates and name of newspaper where notice was published	Chief executive officer of community	Effective date of modification	Community No.
Arizona: Maricopa .....	City of Phoenix .....	February 1, 1995, February 8, 1995, <i>Phoenix Gazette</i> .	The Honorable Skip Rimsza, Mayor, City of Phoenix, 200 West Washington Street, Eleventh Floor, Phoenix, Arizona 85003.	January 24, 1995.	040051
California: Solano .....	City of Fairfield .....	January 4, 1995, January 11, 1995, <i>Daily Republic</i> .	The Honorable Chuck Hammond, Mayor, City of Fairfield, 1000 Webster Street, Fairfield, California 94533-4883.	December 5, 1994.	060370

BILLING CODE 6718-03-M

#### 44 CFR Part 67

[Docket No. FEMA-7132]

#### Proposed Flood Elevation Determinations

**AGENCY:** Federal Emergency Management Agency (FEMA).

**ACTION:** Proposed rule.

**SUMMARY:** Technical information or comments are requested on the proposed base (100-year) flood elevations and proposed base (100-year) flood elevation modifications for the communities listed below. The base (100-year) flood elevations and modified base (100-year) flood elevations are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** The comment period is ninety (90) days following the second publication of this proposed rule in a

newspaper of local circulation in each community.

**ADDRESSES:** The proposed base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the following table.

**FOR FURTHER INFORMATION CONTACT:** Michael K. Buckley, P.E., Chief, Hazard Identification Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-2756.

**SUPPLEMENTARY INFORMATION:** The Federal Emergency Management Agency proposes to make determinations of base flood elevations and modified base flood elevations for each community listed below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed base flood and modified base flood elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to

meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

*National Environmental Policy Act.*

This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

*Regulatory Flexibility Act.* The Associate Director, Mitigation Directorate, certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

*Regulatory Classification.* This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

*Executive Order 12612, Federalism.* This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

*Executive Order 12778, Civil Justice Reform.* This proposed rule meets the
